Dear Mrs. Yurovskaya,

I appreciate your invitation to speak at the June 24 commencement ceremony of the Marina Slavic-Anglo-American School. Unfortunately, I must regret due to a previous commitment.

On behalf of the U.S. Embassy in Moscow, I want to compliment you on the high-quality education and experience the Marina school provides to its students and their communities. The U.S. Embassy has great appreciation for the continuing cooperation we enjoy with your terrific teachers and students. We value your enthusiasm for the various programs and speakers our Public Affairs team brings to Moscow each year.

I would like to personally extend my congratulations to the graduates of the 2016 class. All of us at the U.S. Embassy wish you a wonderful commencement celebration.

Sincerely,
